## **MADE TO MEASURE**

## WORMS AND WHEELS Please complete this form and return it to us! Email address: cial2@hpceurope.com Tel: +33(0)4 37 496 496 Fax: +33(0)4 37 490 055 Bored worm Worm shaft MODULE N°OF TEETH HELIX ANGLE DISTANCE BETWEEN CENTRES Wheel OPTION: Left hand helix Right hand helix

## **MADE TO MEASURE**

TIP: to determine the orientation of the helix angle, lay the gear flat on a table. If the teeth rise to the right, the gear has a right hand helix angle. If the teeth rise to the left, the gear has a left hand helix angle.
